## Professional Summary

Detail-oriented front-end developer with nearly 3+ years of experience specializing in React.js and Vue.js development. Proficient in creating and deploying responsive web applications using HTML5, CSS3, SCSS, JavaScript, and TypeScript. Strong problem-solving skills with a focus on improving user experience and solving cross-browser compatibility issues. We have proven team players with excellent troubleshooting and bug-fixing abilities.

## Technical Skills

HTML5	React.js	Node.js	GraphQL
CSS3	Redux	Stripe	Photoshop
SCSS	Redux Toolkit	Razorpay	Figma
Bootstrap	Vue.js	Git GitHub	Azure AD B2C
JavaScript (ES6+)	Vuex	Azure CI/CD	Material UI
Typescript	Cucumber.js	RESTful APIs	

## Professional Experience

### Frontend Developer

*Yectra Technologies Pvt Ltd | Coimbatore*

*Jan'2022 - Present*

- ✓ Developed and executed responsive web applications leveraging state-of-the-art technologies and industry standards React.js and Vue.js.
- ✓ Implemented state management solutions with Redux and utilized advanced features to optimize application performance Vuex, optimizing application performance.
- ✓ Collaborated with backend developers to integrate RESTful APIs for improved functionality and seamless user experience enhanced functionality.
- ✓ Utilized Docker for containerization and managed CI/CD pipelines on Azure.
- ✓ Conducted comprehensive testing and debugging for cross-browser and cross-device compatibility.

- ✓ Designed and maintained component libraries in React and Vue, ensuring consistent UI/UX across 5+ projects.
- ✓ Optimised web applications using lazy loading and code splitting, improving page load speed by 40%.
- ✓ Led the transition from class components to functional components and React Hooks, increasing development speed by 25%.
- ✓ Implemented unit testing with Jest and integration testing with Cucumber, achieving 95% test coverage.
- ✓ Implemented responsive design principles using CSS Grid and Flexbox, resulting in a more fluid and adaptable user interface across devices and screen sizes.
- ✓ Optimised front-end performance by minifying JavaScript and CSS assets, reducing page load times by optimising bundle sizes and enhancing overall user experience

## Desktop Support Engineer

*Synergy Systems & Peripherals | Chennai*

*Jul '2020 - May '2021*

- ✓ Provided technical support and troubleshooting for desktop systems.
- ✓ Assisted in the setup and maintenance of hardware and software, ensuring smooth onboarding for new employees.
- ✓ Advised management on technological solutions, contributing to strategic decision-making

## Projects

### Frontend Developer

*ROOS (Restaurant Online Ordering System) Admin-panel*

- ✓ Led front-end development with React.js and Vue.js, enhancing the platform's usability and functionality.
- ✓ Implemented secure admin login functionality, ensuring 100% authorization for accessing the admin panel and sensitive features.
- ✓ Developed a dynamic food menu management system allowing admins to create, edit, and delete menu items, handling 100+ menu items efficiently using state management tools.
- ✓ Built real-time order processing functionality, enabling customers to place orders and view status updates instantly.

- ✓ Created an admin panel with comprehensive order management features, allowing admins to view, update, and track orders, improving order processing efficiency by 30%.
- ✓ Integrated with RESTful APIs to fetch and update menu and order data, utilizing state management
- ✓ libraries to improve data flow and manage application state for 100+ components.
- ✓ Successfully integrated Stripe and Razorpay to enhance payment processing security measures on the platform significantly improving the e-commerce experience.
- ✓ Implemented React Router for efficient navigation and URL routing.
- ✓ Employed Cucumber.js for behaviour-driven testing, ensuring high-quality deliverables.
- ✓ Managed version control with Git and collaborated with distributed teams using GitHub.

## Frontend Developer

### *ROOS (Restaurant Online Ordering System) Client*

- ✓ Expert in building dynamic user interfaces and managing state with Redux. Engineered and maintained the front end of a food order website, boosting user engagement by 30%.
- ✓ Skilled in integrating front-end with back-end services. Implemented API integration for menu items and orders, cutting data retrieval times by 40%.
- ✓ Implemented React Router for efficient navigation and URL routing.
- ✓ Employed Cucumber.js for behaviour-driven testing, ensuring high-quality deliverables.
- ✓ Managed version control with Git and collaborated with distributed teams using GitHub.
- ✓ Strong in creating responsive and cross-browser-compatible designs. Designed layouts for a food order website, increasing mobile user satisfaction by 25%.
- ✓ Proficient in writing unit tests and using TDD practices.
- ✓ Developed unit tests for key components, reducing bugs by 50%.

## Web Developer

### *Wiskill*

- ✓ Designed and implemented dynamic, user-friendly websites.
- ✓ Integrated third-party APIs for extended functionality, including social media and payment gateways.

- ✓ Collaborated closely with clients to understand their specific requirements and objectives
- ✓ Fostered and maintained strong relationships with clients, resulting in increased client satisfaction and retention rates
- ✓ Ensured clear and effective communication throughout the project lifecycle to facilitate smooth project execution minimize misunderstandings deliver tailored solutions.

## Web Developer

### *Indusprotech*

- ✓ Developed and enhanced front-end functionalities to improve user experiences.
- ✓ Ensured seamless navigation and compatibility across multiple browsers and devices.
- ✓ Participated in code reviews to uphold code quality and enforce best practices consistency.

## Additional Information

- ✓ Strong problem-solving skills.
- ✓ Excellent communication and team collaboration.
- ✓ I am passionate about learning new technologies.

## Education

### Diploma in Electronic and Communication Engineering

*(DDCSM Polytechnic College, Anna University) - Jun '12 - Jun '15*

### High School

*(GHSS Amani Mallapuram, State Board) - Jun '12 - Jun '12*
